Henderson Directories Limited

279 Garry St., Winnipeg, Manitoba

Introductory

The present volume for 1953 is the 44th edition of Henderson's Directory of Moose Jaw. The work embodies a complete epitome of the civic, commercial, social, and industrial interests and activities of the municipality. It is a modern Directory in all parts and includes all essential features which have proven so satisfactory to our patrons in previous issues; these have been retained and amplified, and improvements have been added as suggested by experience in order to add to the value and usefulness of the Directory thus fully meeting the requirements of patrons; the approbation and continued patronage accorded the work are constant incentives to better service.

The publication has had the benefit and advantage of the complete organization and resources of the publishers, and of the skill and experience of their corps of enumerators and compilers added to the courteous co-operation of citizens, in the production of the volume.

THE DEPARTMENT OF MISCELLANEOUS INFORMATION

THE DEPARTMENT OF MISCELLANEOUS INFORMATION starting on page 5 contains information about Civic History and Industry, as well as a complete list of Apartment and Business Blocks.

THE STREET AND AVENUE GUIDE

THE STREET AND AVENUE GUIDE starting on page 21 features the names of all streets and avenues arranged alphabetically and numerically, giving the location, number on the street, and showing the occupant.

The intersecting streets are shown in the order that they come.

△ Denotes that there is a Telephone in the house.

◆ Denotes that someone living in the house is the owner.

THE ALPHABETICAL DIRECTORY

THE ALPHABETICAL LIST OF NAMES of citizens, business firms and corporations starts on page 85.

THE CLASSIFIED BUSINESS DIRECTORY

THE CLASSIFIED BUSINESS DIRECTORY at the back of the book exhibits the various manufacturing, mercantile and professional names, compiled under headings appropriate to the class of industry or profession followed.

MOOSE JAW POPULATION, in excess of 27,250

The Directory estimate of population is based on the actual number of individual's names in the Alphabetical section of the Directory, with due allowance for children and for women whose names are not listed. The Moose Jaw Directory covers considerable territory beyond, but tributary to the city limits, which is canvassed in order that the names of all people employed or who purchase in Moose Jaw may be obtained.

ADVERTISING MOOSE JAW

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site, and as an educational centre. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country, the publishers have placed copies of this issue of the Directory in the directory libraries, where they are readily available for reference use by the public. There they serve as perpetual advertisements for business men the country over realize that the City Directory represents the community as it really is.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves, their friends and their business interests for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of patronage.

Respectfully,

The Publishers,
HENDERSON DIRECTORIES LIMITED.

September, 1953

PUBLISHERS' NOTE

The information in this directory is gathered by an actual house to house canvass, and is compiled in a way to insure maximum accuracy.

The Publishers cannot and do not guarantee the correctness of all information furnished there nor the complete absence of errors and omissions, hence no responsibility for same can be or is assumed.

The Publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next Directory.

HENDERSON DIRECTORIES LIMITED,
PUBLISHERS.

Moose Jaw

LOCATION

The City of Moose Jaw is located in the geographical centre east-west of the Province of Saskatchewan, about 375 miles by air from Winnipeg on the East and Calgary on the West. It is 46 miles by road west of Regina, the capital of the Province, and 164 miles southeast of Saskatoon, the University City. It is about 100 miles north by air from the International Boundary.

ELEVATION AND AREA

The City lies in the sheltered valley at the confluence of the Moose Jaw River and Thunder Creek, at an elevation of from 1,773 to 1,840 feet above sea level.

The area within the city limits is 9,760 acres, of which 2,206 acres is well built up, 1917 acres is suburban, and 5,097 acres is farm land.

HISTORY

Moose Jaw takes its name from the Moose Jaw River, and was first reached by Captain Palliser on his exploratory expedition of Western Canada on the 16th of September, 1857. The first settlers reached Moose Jaw on the Spring of 1882, and the Canadian Pacific Railroad line reached Moose Jaw in the fall of the same year. The Post Office was opened on June 1, 1883. Moose Jaw incorporated as a town on February 13, 1884, and was raised to the status of a city on November 20, 1903.

IRRIGATION

Moose Jaw is the headquarters of the South Saskatchewan River Development Association. This Association has been set up as representative of a large area of Southern Saskatchewan comprising approximately forty-three municipalities. It is in this area that development of irrigation projects is expected to take place upon the completion of the federal dam to be built on the South Saskatchewan River somewhere between the towns of Elbow and Outlook.

There are large tracts of land scattered throughout the southern part of the province and along the Qu'Appelle Valley which extends from just north of Moose Jaw eastward to near the Manitoba-Saskatchewan boundary. Once the water is impounded at the dam it will be one of the duties of the SSRDA to set up irrigation districts where field crops such as peas, beans, corn, alfalfa, potatoes and sugar beets can be produced.

Following the establishment of these districts there will be the establishment of industries to process the crops particularly canning and sugar beets factories.

Besides the benefits of irrigation for the farmer there will be the equally great benefits to the cities of southern Saskatchewan in that there will be a large volume of water for domestic consumption purposes.

INDUSTRY

Moose Jaw is the largest industrial City in the Province.

The electric power plant in the City is owned by the National Light & Power Co. Limited. Its power in wires cover a large area of Southern Saskatchewan so that this industry furnishes a good index of the industrial activity of the City and district.

Other important industries with their peacetime capacity are the packing plant of the Swift Canadian Company Limited, capacity 1,000 head of stock daily; Robin Hood Flour Mills Limited daily capacity 4,000 barrels of flour, 1,200 barrels of oats; and the British American Oil Company Ltd. Refineries capacity 4,000 barrels daily; the Canadian Pacific Railway Company's repair shops and yards; the Prairie Bag Factory; the Times Co. Ltd.; Canadian National Railways; the National Flour Mills Limited; three important creameries, a rock wool industry, millworks, foundry, and a large number of other industries.

Industrial growth continues strongly, several new manufacturing plants have located here; the Saskatchewan Wool Products Corporation, manufacturers of woollen goods and Western Cindercrete (manufacturers of cinder blocks.)

PARKS AND RECREATION

The Dominion Government Interior Storage Elevator with a capacity of 5½ million bushels, the Registered Seed Growers Warehouse and the Southern Saskatchewan Stock Yards are also important businesses in the City.

The established industries in and near the City have developed important markets not only in this district, but in eastern and western Canada and in Europe and the Orient. With its numerous wholesale houses, Moose Jaw is rapidly becoming known as one of the largest wholesale distribution centres in Southern Saskatchewan. Moose Jaw is the centre of and serves a well settled and generally prosperous agricultural territory.

FIRE PROTECTION

Moose Jaw has a fully motorized fire-fighting equipment with a full-time fire department on the two platoon system.

POLICE PROTECTION

The police force of Moose Jaw is adding to its equipment two-way radio. Keeping in step with the steady growth of the city it is felt that by means of this two-way radio system Moose Jaw can be better policed.

The fire chief's car is also being equipped with a receiving set. This will mean close liaison between the fire department and the police department. It is believed that Moose Jaw will be the only city with one exception to have so equipped both its police and fire departments.

WATER SUPPLY

The City owns its own water supply and the necessary works in connection with a new supply of water from the South Saskatchewan River which is about 70 miles distant from the City, and these are furnishing a minimum of three million gallons of pure soft water per day for domestic and industrial purposes.

TRANSPORTATION

Railways. The City is the grand divisional point for the Province of Saskatchewan of the Canadian Pacific Railway Co. which has its headquarters for the Province in the City, and is also on the Canadian National Railway Line. Moose Jaw is the terminus of the Soo Line Railway running directly to Minneapolis, St. Paul, and Chicago. Nine railway lines radiate directly from the City and the trackage amounts to over 70 miles.

Highways. Moose Jaw is located at the junction of the No. 1 Trans-Canada Highway from east to west, and No. 2 Highway from the International Boundary to Prince Albert National Park. No. 39 Highway commences in the City and parallels the Soo Line Railway to Portal, on the International Boundary.

Airways. Moose Jaw is served by Canadian Pacific Air Lines Limited which connects with the Trans Canada Air Lines at Regina, and furnishes a daily passenger, mail, and express service from Moose Jaw to Regina, Saskatoon, North Battleford, and Prince Albert.

Airport. Moose Jaw has its own Municipal Airport, having acquired it from the Department of Transport. This Airport was formerly known as No. 32 S.F.T.S., and operated as a training school during the war years. It is located two and a half miles south of the City and has hard-surfaced runways. The Moose Jaw Airport is one of the three customs airports in Saskatchewan. Facilities for the servicing of planes are available.

EDUCATIONAL FACILITIES

The educational facilities are excellent. The number of pupils attending public schools at the beginning of the school year was over 2500; and attending high schools over 1000. There are 10 public schools in the City, one high school, two commercial business colleges, two residential colleges, one normal training school for teachers, and one technical school.

CHURCHES

There are many fine Churches in the City, including St. Andrew's United Church which has the largest auditorium in Western Canada, Zion United, St. John's Anglican, St. Joseph's R.C., Knox Presbyterian, Baptist, Salvation Army, Christian Science, House of Israel, Apostolic Temple, Christian and Missionary Alliance Tabernacle, and others.

PARKS AND RECREATION

Moose Jaw is pre-eminently a City of good homes and beautiful parks. There are six public parks in the City varying in extent from 4 to 76 acres, as well as a number of smaller parks, six playgrounds from 1 to 5 acres in extent. River Park, 110 acres in extent is a natural park, heavily wooded with maple, ash, elm and many other trees, through which runs the Moose Jaw River. In this park are the Tourist Camp, bathing beach and public playgrounds for children. Crescent Park in the heart of the City is 28 acres in extent. In this park are located the public library, the City and district war memorial and hot mineral baths. There are many lovely flowers and the Rock Gardens with the "Serpentine" Lake attract a great number of visitors.

The Natatorium is an indoor swimming pool, with water rich in mineral salts from an artesian well 3,302 feet in depth.

There are two 18-hole golf courses, a number of tennis courts and three badminton courts: boating is a healthful recreation on the Moose Jaw River, and numerous bathing places are also found on the river.

GENERAL

Moose Jaw has one commercial radio station, CHAB Limited. Studios are situated at 127 Main Street North, and the transmitter is located at Boharm, 8 miles west of the City.

Transportation is in the hands of the Moose Jaw Transportation Company who have a system of motor buses plying the principal thoroughfares.

Henderson Directories Ltd.

PUBLISHERS OF

CITY DIRECTORIES

Directories of any City in the World furnished
at Subscription Price

279 Garry Street

Winnipeg, Manitoba

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY Every Time It is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the Directory of Your City.

This cost must be absorbed by the subscribers—be they one—or be they 1000.

If there were but One Subscriber to the City Directory—the One Subscriber would of necessity have to absorb The Whole Cost.

If there were 1000 Subscribers—each one would have to absorb 1/1000 Part of the Whole Cost.

From which it is obvious that the Greater the number of subscribers—the Lesser the cost to each.

Every time you loan your City Directory the Less Necessity there is for the Borrower to subscribe for the Service.

More Borrowers result in Fewer Subscribers, which means Increased Cost.

MEMORANDUM

MEMORANDUM

MEMORANDUM

Common Sense

About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT—by actual survey in Canadian cities—for each City Directory, an average of three and one-half consultations were made for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half daily consultations for each book for three hundred and five days, therefore—

$$1000 \times 3\frac{1}{2} \times 305 = \\ 1,067,500$$

**Consultations or
Circulation Consulted**

Business Insurance

**The Classified Section of
the City Directory insures
your business against the
loss of a prospective cus-
tomer who finds only your
competitor listed under
headings covering
your business**

**Make
yourself
easy to find**
